

PRESS RELEASE

Neopost USA and OPEX Corporation Partner to Offer Incoming Mail Solution

Neopost Now Offering High Volume OMATION® Envelopers to Meet Customer Needs

MILFORD, Conn. (April 17, 2012) –[Neopost USA](http://www.neopostinc.com) (www.neopostinc.com), an innovative solutions provider in the postal and related communications industry, and [OPEX Corporation](http://www.opex.com) (www.opex.com), a recognized technology leader in high-speed mailroom automation and document imaging, have formed a partnership that will allow Neopost to bring OPEX's innovative and feature rich line of OMATION® incoming mail products to its customers.

The OMATION Model 306™ and 306s™ contain OPEX's latest mail opening technology and set a new standard for high volume mail processing. These Envelopers with enhanced sorting capabilities have the ability to operate at a rated speed of up to 40,000 envelopes per hour, and ensure maximum productivity by opening and sorting envelopes in a single pass.

The newly launched OMATION Model 2112™ Envelopener is the latest advancement in envelope opening technology that utilizes a milling cutting and a self-adjusting feeder to open a wide variety of mixed mail sizes and thicknesses, including flats. This compact Envelopener opens up to 400 envelopes per minute allowing for quick extraction and processing.

"The partnership between Neopost USA and OPEX Corporation is another example of how we are listening to our customer's needs and responding accordingly," said Neopost USA Senior Vice President of U.S. Marketing Carl Amacker. "This is an exciting time for Neopost as we continue to grow, expand our product base, and offer a full solution to meet our customer's mail center and communications needs."

PRESS RELEASE

"Neopost has extensive experience working in the postal and related communications industry, making them an excellent partner to market and resell our product line. We look forward to the positive impact this decision will have on both companies' future sales," said Rick Campana, Director of OMATION Dealer Sales for OPEX Corporation.
