

PF-55 Document Folder

DESCRIPTION

The **PF-55 Document Folder** is a fast, dependable and easy-to-use solution for virtually all folding applications. Six popular folds are clearly marked on the fold plates for quick set-up and operation. Adjustments can also be made to process a variety of custom folds.

The unique **Telescoping Outfeed Stacker** give the PF-55 unmatched output ability and added folding versatility. The outfeed stacker can hold up to 500 folded documents. This enables operators to fill the in-feed hopper and let it completely run out before removing the folded documents for most applications.

ACCURATE

Self-centering side guides and a skew adjuster ensure that paper is loaded and feeds squarely into the folder. Fine tuning knobs on the fold plates allow operators to precisely set the fold positions.

FLEXIBLE

The PF-55 is capable of processing paper up to 17" (432mm) in length and up to 12.25" (311mm) in width giving it the flexibility to process a variety of paper sizes. The ability to customize jobs allows operators to fold in virtually any configuration that only requires two folds. Cross folding adds to the PF-55's flexibility allowing for additional folds in a second pass.

OPERATOR FRIENDLY

Pre-marked folds and a centrally located control panel make for easy set-up and operation. The Telescoping Outfeed Stacker, with an unprecedented stacking capability of up to 500 folded documents, cuts down on unloading time and ensures that the forms remain in a neat and sequential order.

PF-55 FEATURES

- **Pre-Marked for 6 Popular Folds:** Letter, Zig-Zag, Single, Gate, Fold Out and Double Parallel folds in 11", 14", & 17"
- **Telescoping Outfeed Stacker:** Holds up to 500 folded documents and keeps them in a neat and sequential order
- **6-Digit Addition and Batch Counter:** Accurately counts all documents processed. Batch mode allows operators to key in a pre-determined amount to be folded.
- **Drop-in Feed System:** A three-roller drop-in feed system produces dependable feeding of forms with no paper fanning required.
- **Three-Tire Friction Feed System:** Accurately pulls paper into the folder

- **Speed:** Up to 12,000 sheets per hour
- **Paper Sizes:** Handles papers up to 12.25" X 17"
- **Skew Adjustment:** Adjusts feed table left or right for crisp, accurate folds
- **Pre-Marked Fold Types:**

Letter

Z-Fold

Single

Gate

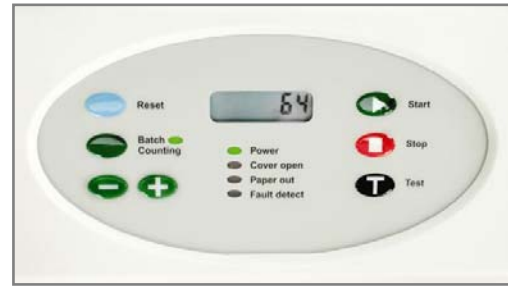

Fold Out

Double Parallel

Closed Stacker

User Friendly Control Panel

PF-55 SPECIFICATIONS

Hopper Capacity:	Up to 500 Sheets 20# (75gsm)
Fixed Speed:	Up to 12,000 pieces per hour (based on 11" Z-fold)
Paper Size:	Min: 3.5" W X 5" L (88.9mm W X 127mm L) Max: 12.25" W X 17" L (311mm W x 432mm L)
Power:	120 Volts AC 50/60 Hz
Dimensions:	Closed: 33" L X 20" W X 19" H Fully Extended: 60" L X 20" W X 19" H
Weight:	67 lbs.
Certifications:	UL and CUL approved CE applied for
Monthly Volume:	125,000 pieces
