

## LOGISTICS SYSTEMS

## **PRE-SHIP™**

GAIN DESKTOP CONTROL OF YOUR CORPORATE SHIPPING & MAILING COSTS WITH JUST A FEW CLICKS

**“WITH NEOPOST’S PRE-SHIP, EVERY DEPARTMENT IN THE COMPANY CAN SAVE MONEY AND BE MORE PRODUCTIVE.”**

***IT'S TRUE. Cost efficiency and time saving productivity can now be impacted at each employee's desktop.***

How? The solution is Neopost's Pre-Ship — an easy-to-use Intranet based mailing and expedited package shipping management system that brings document & parcel preparation right to the office desktop. Companies on the leading edge are constantly looking for ways to increase efficiency and lower costs by leveraging new technology. Corporate air express mailing and shipping costs is one of those areas that often get overlooked. That's where Pre-Ship comes into the picture. With just a few mouse clicks this new software application allows users to shop for the most cost-effective carrier shipping service, validate mailing addresses and cost centers for departmental charge-backs, prepare shipping documentation, and access real-time carrier tracking information on critical parcels all in the convenience of their office. Pre-Ship is fast, simple-to-use and most importantly, empowers every employee to contribute to the overall profitability of an organization.

***Pre-Ship will improve the profitability, visibility and performance of your mailing and shipment operation***

- Instantly reduce air express mailing & shipping costs
- Excellent ROI with immediate costs savings
- Improves productivity
