SAVE SPACE, TIME AND MONEY

Fast, accurate weighing and rating. The integrated weighing platform automatically calculates the exact rate for your mailpieces, preventing overspending on postage. With Smart Start technology, each time an envelope is removed from the weighing platform the powerfeeder starts and is ready to process mail.

WEIGHING YOUR COSTS HAS NEVER BEEN EASIER

Don't be confused by postal rates. Let the IS-330 Rate Wizard give you a hand so you don't have to be a postal expert. Whatever rate you need is in the IS-330 and, save even more time by eliminating keystrokes when you select the mail class you need from the Shortcut Keys menu. From single envelopes to larger packages, you'll have the flexibility you need to weigh and manage your mail with ease.

GIVE THE RIGHT IMPRESSION

Promote customer relations with printed messages that enhance the professional look of your organization. Even your mail class die is set and embedded to automatically print the correct class so you can be sure to save time and costs.

DON'T RUN OUT OF INK

Managing ink couldn't be easier. The IS-330 uses a long-life cartridge and prints a smaller indicia barcode, IBI Lite, optimizing ink yield and minimizing replenishment.
